EMAIL TEMPLATE — Application & Budget Request

STAGE 02 · SENT AFTER THE BORROWER SIGNS BACK THE LOAN PROPOSAL

Subject: Next steps — {{PROPERTY_ADDRESS}}

Hi {{BORROWER_FIRST_NAME}},

Thanks for signing back the loan proposal on {{PROPERTY_ADDRESS}}. Here's what we need to move forward.

1. Loan application

Complete it online here: **{{APPLICATION_LINK}}**

It takes about 15 minutes. If you'd rather fill it out by hand, the same form is attached as a PDF — just sign it and email it back.

2. Credit authorization

Attached as a PDF. **We need a separate signed form from every principal and every guarantor** — no exceptions. We run credit and a background check on each person individually, so one form per person, each with their own information and signature.

A one-time background check fee of \$120 is due at closing — that covers everyone, no matter how many principals you have.

3. Rehab budget and scope of work

Send us your detailed budget and scope. We need line items, not a single number — demo, framing, roof, HVAC, electrical, plumbing, drywall, flooring, kitchen, baths, paint, exterior, landscaping, permits, and contingency. A blank template is attached if it's helpful.

This is the piece that drives everything else, so the more detail you give us, the faster we can move.

What happens next

Once we have both, we review the budget and scope against the property and confirm the numbers in the proposal. If everything works out, we'll issue you a **conditional approval**.

Once you have the conditional approval, we'll send you the list of documents we need to get you closed — your LLC paperwork, insurance, and a few other items. Nothing to gather on that front yet.

Questions on any of it, just call.

NOTES

- **Budget and application go out together.** Both are needed before underwriting, and asking twice slows the deal down.
- **The revised-proposal line is deliberate.** It sets the expectation early that the numbers can move once you and Steve verify the budget, so a revision later isn't a surprise.
- **No entity or insurance documents requested yet.** Those come at stage 04, after underwriting confirms the deal works. Collecting them earlier wastes the borrower's time on deals that won't close.
- **Consider adding a response window** — "we'd like both back within 5 business days" — if deals tend to stall here.
