THE LOAN

Total loan amount	\${{LOAN_AMOUNT}}
Lien position	first
Funded at closing	\${{DISBURSED_AT_CLOSING}}
Construction holdback, released in draws	\${{HOLDBACK}}
Borrower cash into the deal	\${{BORROWER_DOWN_PAYMENT}}
Loan as a percentage of projected finished value	{{LTV_PCT}}%

How the loan is funded

	AMOUNT	SHARE OF LOAN
Your participation	\${{CP_AMOUNT}}	{{CP_PCT_OF_LOAN}}%
Lazy Dog Capital's own capital	\${{LDC_AMOUNT}}	{{LDC_PCT_OF_LOAN}}%
Total loan	\${{LOAN_AMOUNT}}	100%

Your share of the loan sets your return rate and is the figure that appears in your Capital Partner Agreement and on the recorded Collateral Assignment.

On top of the loan, the borrower puts in \${{BORROWER_DOWN_PAYMENT}} of their own cash — their money goes in first, ahead of any loan proceeds.

Lazy Dog Capital has its own money in every loan we originate — no exceptions.

We are not a broker placing your capital and collecting a fee. We underwrite the deal, we fund alongside you, and we are paid after you are. If the deal goes badly, we lose before you do.

The loan is secured by a first-lien Deed of Trust, a personal guarantee from each principal, and property insurance naming Lazy Dog Capital LLC as mortgagee and loss payee.

THE BORROWER

Completed projects, last 36 months	{{COMPLETED_FLIPS}}
Projects currently in progress	{{ACTIVE_PROJECTS}}
Credit reviewed	{{CREDIT_STATUS}}
Background check	{{BACKGROUND_STATUS}}

{{BORROWER_NOTES}}

Borrower identity is withheld until you commit. We'll share it in full at that point.

HOW YOU GET PAID

Paid first — Your monthly return comes out of the borrower's payment before Lazy Dog Capital receives anything.

Paid next — Lazy Dog Capital takes its return after yours.

Paid last — Lazy Dog Capital's remaining capital in the deal is repaid last.

At payoff, your principal and any accrued return are returned to you in full before Lazy Dog Capital receives its capital back.

HOW YOU'RE SECURED

Lazy Dog Capital LLC originates and holds a **first-lien Deed of Trust** on the property. Your position is secured by a **Collateral Assignment of Note and Deed of Trust**, recorded in the county real property records.

That assignment gives you a recorded interest in the note and the lien securing it.
{{ASSIGNMENT_TIMING_NOTE}}

You'll receive the recorded instrument numbers so you can verify your position independently at the county clerk's office.

WHAT HAPPENS AFTER YOU COMMIT

1	You confirm in writing, and we send the Capital Partner Agreement for this deal
2	Wire instructions follow — funds due {{FUNDS_DUE_NOTE}}
3	The Collateral Assignment is recorded
4	You receive recording confirmation with instrument numbers, the recorded assignment, the title policy, and the insurance certificate
5	Monthly statements, first payment {{CP_FIRST_PAYMENT_NOTE}}
6	At payoff, principal and accrued return are wired to you

WHAT COULD GO WRONG

We'd rather you hear this from us.

The borrower stops paying. We hold a first lien and can foreclose. Texas foreclosure takes roughly 50-60 days. You remain paid first from any recovery.

The project runs over budget or long. The loan has one extension available. If the property sells for less than projected, recovery comes from the sale proceeds and the personal guarantee.

The property is worth less than projected. Our lending limit is set as a percentage of projected finished value specifically to leave room for this. It does not eliminate the risk.

Your money is not liquid, and you cannot ask for it back early. There is no secondary market for this position. Your capital is repaid from the proceeds when the property sells — not before. If the borrower defaults, you stay in through foreclosure or whatever disposition follows, until the property is sold. Expect your capital to be committed for the full expected time frame, and possibly considerably longer.

This is not a guaranteed return. It is a secured private loan participation. Real estate lending carries real risk of loss.

THIS DEAL IS AVAILABLE UNTIL {{COMMITMENT_DEADLINE}}

After that date we place the loan elsewhere or fund it ourselves. If you want it, tell us before then.

NOTES

- **Borrower's interest rate appears nowhere.** Only the partner's return.
- **No "term" language** — expected time frame throughout.
- **Priority reads paid first / paid next / paid last.**
- **Property identified by city and county only**, not street address, until commitment.
- **"What could go wrong" is deliberate.** Disclosure protects you far more than it costs you, and a partner who commits after reading it is a partner who won't be surprised later.
- **All percentages are share of the LOAN, never share of total capital.** The borrower's down payment is not part of the loan facility and must never appear in the denominator — the rate tiers in the Capital Partner Agreement are defined against the loan, and mixing the two would put a partner in the wrong tier.
- **`{{CP\_AMOUNT}}` and `{{CP\_PCT\_OF\_LOAN}}` appear in all three documents** — Deal Summary, Capital Partner Agreement, Collateral Assignment. Reconcile before sending.
- **Rate tiers:** 45% → 5.5% · 50% → 6.0% · 55% → 6.5% · 60% → 7.0%
- **The pre-existing relationship language at the bottom matters** — general solicitation is the line you don't want to cross. Confirm the exact wording with your securities attorney.
