NOTES

- **Attaches as Exhibit B** to the Settlement and Release Agreement in a deed-in-lieu workout.
- **Also goes with the deed-in-lieu cover letter** and the demand, so the borrower can see how the number was built.
- **The per diem matters.** Without it, a payoff quote goes stale the day after you send it.
- **Total Debt is the number the equity test runs against** on the Deed in Lieu Acceptance Checklist — not unpaid principal. By the time a loan is in workout, default interest, advances, and fees make the difference substantial.
