Renamed

- Loan Term Sheet → **Loan Proposal**
- ACH Authorization → **Payment Instructions**
- Borrower Acceptance → **Borrower Acknowledgment & Intent to Proceed**

Structural decisions

- Deed in lieu is a **post-default workout offer only**. Nothing signed at closing. No equity waiver. Foreclosure is the default path.
- Capital Partner is a **per-deal offering** to partners who review each deal individually.
- Capital Partner **cannot demand repayment early** — repaid from proceeds when the property sells.
- ARV determined **in house**. Never appears in borrower-facing documents.
- Borrower's interest rate appears in **no investor-facing material**, and the Promissory Note is not enclosed with partner correspondence.
- Credit authorization split onto its own signed form, one per principal and guarantor.

BEFORE ANY OF THIS GOES LIVE

Texas real estate attorney — the 10C workout packet (7 documents) and the Chapter 53 notice-forwarding covenant for the Deed of Trust.

Securities attorney — the Capital Partner Agreement and Collateral Assignment. **They must be told the structure is per deal, per partner, offered to multiple partners who each review and decide.** That is a series of separate offerings, not one ongoing relationship, and it changes the exemption analysis.

KNOWN OPEN ITEMS

ITEM	OWNER
Deed of Trust — Chapter 53 covenant	Attorney
Website corrections — /loan, /, /faq, /apply	Lewis
Deal calculator — verify it uses 80% of ARV	Lewis
Trustee hardcoded as "Robert Roberts" in the Note and Deed of Trust	Lewis — tokenize if it varies
Data model and tool selection — Airtable vs. Wrike	Step 4 of the work order

ACCEPTED RISKS

No lien waivers required with draws. A bank statement proves the borrower paid their contractor. It does not prove the contractor paid their subs, and unpaid subs are who file liens. Texas mechanic's liens relate back to inception of work, so a late-filed lien can sit ahead of the Deed of Trust. Accepted deliberately — revisit if a lien is ever filed on a deal.

Capital Partner monthly payment guarantee (Agreement § 4.3). Lazy Dog advances the partner's monthly return from its own funds whether or not the borrower pays. Creates unfunded contingent liability and strengthens the case that the arrangement is a security. Kept deliberately as a selling point.

BRAND

Designed pieces follow the Brand Guide: Forest Green #1E3C36, Gold #C89430 as accent only, Ink #2E3B38 body text, Muted #6B7A75, Hairline #DFD8C8. Bodies print on white for home printing; the green masthead and gold rule carry the brand on page one.

Master logo artwork — primary, horizontal, icon, reversed — is trimmed to transparent PNGs in `_Reference/brand/`.
