AFTER YOU CLOSE

Your rehab funds are held back and released in draws. You pay for the work first, then we reimburse you. Request a draw online at lazydogcapital.com/resources/draw-request whenever you have finished some line items — minimum \$5,000, \$199 fee per draw. You will need to upload a bank or credit card statement showing the money left your account to pay your contractor or your sub; receipts and invoices alone are not enough. One of us then inspects the work in person before funding. Interest accrues only on the money actually advanced, so your monthly payment changes as each draw funds.
